across europe the parish church has stood for centuries at the centre of local communities it was the focal point of its religious life the rituals performed there marked the stages of life from the cradle to the grave nonetheless the church itself artistically and architecturally stood apart from the parish community it was often the largest and only stone built building in a village it was legally distinct being subject to canon law as well as consecrated for the celebration of religious rites the buildings associated with the cure of souls were sacred sites or holy places where humanity interacted with the divine in spite of the importance of the parish church these buildings have generally not received the same attention from historians as non parochial places of worship this collection of essays redresses this balance and reflects on the parish church across a number of confessions catholic lutheran reformed and anti trinitarian during the early modern period rather than providing a series of case studies of individual buildings each essay looks at the evolution of parish churches in response to religious reform as well as confessional change and upheaval they examine aspects of their design and construction furnishings and material culture liturgy and the use of the parish church while these essays range widely across europe the volume also considers how religious provision and the parish church were translated into a global context with colonial and commercial expansion in the americas and asia this interdisciplinary volume seeks to identify what was distinctive about the parish church for the congregations that gathered in them for worship and for communities across the early modern world

refusing to kiss the slipper reveals that the french reformation was more complex and colorful than previously recognized history has long viewed all french protestants as calvinists this book by contrast tells the stories of french protestants who opposed and often detested john calvin these opponents believed that calvin had set himself up as a protestant pope demanding obedience to his own religious authority they believed calvin s self appointed leadership undermined the bedrock principle of the reformation that the faithful be allowed to challenge religious authorities

uncertainty and instability affected geneva and the duchy of savoy since the mid fifteenth century french and swiss expansionism had turned savoy into part of a long geopolitical fault line running from the north sea to the

mediterranean along the border between france and the empire in geneva and partially in other towns of piedmont and the pays de vaud this instability fuelled urban factionalism confessional conflicts but also wider discussions about the ways in which society could be reformed conflicts were in the end the consequence of a struggle about the best political and religious option to reduce uncertainty the uncertain world of renaissance geneva and savoy looks at how political life worked in a time of great instability seeking to answer a straightforward but not easy question how did people face and react to political and religious uncertainty

this eleventh edition was developed during the encyclopaedia s transition from a british to an american publication some of its articles were written by the best known scholars of the time and it is considered to be a landmark encyclopaedia for scholarship and literary style
